

Record High

School Budget Nears \$2 Million Mark for '57-58

An all-time record budget, proposing an increase of almost one quarter-million dollars over last year, faces the Palm Springs Board of Education in a preliminary draft asking \$1,828,916 to carry costs of the 1957-58 fiscal year.

The preliminary budget for the new year starting July 1, highest in the history of the Palm Springs Unified School District, was handed to the board today by School Supt. Wallace R. Muelder.

MUELDER SAID the proposed increase embodies an outlay of almost \$200,000 for personnel salary raises and wages for about 25 new district employees, including teachers.

Based on anticipation of a record crop of incoming students, the budget also forecasts the possibility of an emergency building program capable of coping with the new classroom demand.

Muelder noted that it was "too early to tell" what the next year's tax rate will be. But, he said, "every attempt" is being made to keep within "our present tax structure."

ALMOST ALL OF the recommended budget will be financed by district funds. Muelder explained that the State Legislature failed to grant anticipated financial aid to the district.

However, the superintendent brightened the budget outlook with a report that costs per pupil have decreased below the 1954-55 level for the second straight year.

The preliminary budget specifies an increase of \$231,031 over the 1956 budget. The 1956 budget was set at \$1,597,885.

It was pointed out that school enrollment has increased an average of 15.3 per cent over the past three years, while the budget has been raised an average of 14.2 per cent for the same period. School enrollment for the 1957-58 year is expected to hit 3,145, as compared with a peak of 2,726 this year and 1,845 three years ago.

INDIVIDUAL STUDENT costs this year were estimated at \$436.60, as compared with \$450.93 in 1954-55.

Muelder felt this was "especially significant" since class loads per teacher remained fairly stable and substantial salary increases were paid out in 1956-57.

He noted that price rises alone should have added 10 per cent to costs of the last two years. However, he pointed out that current operating costs are 3.2 per cent above those of 1954-55, thanks to careful budgeting and diligent administration.

As a breakdown of the preliminary budget, Muelder outlined:

Vicious Hurricane Audrey Beats Inland Cities of Texas, Louisiana

10 Drowned, Thousands Flee Homes

Whole Towns Isolated, Power Knocked Out

PORT ARTHUR, Tex. (AP) — An unseasonable and vicious hurricane, which already had killed 19 men, swept across the Texas-Louisiana coast today and beat inland cities with winds of 100 miles an hour.

The wind, torrential rain and crashing waves of hurricane Audrey isolated whole towns. Electrical power was knocked off in Port Arthur and Beaumont, Tex., and in Lake Charles, La.

TERRIFIED RESIDENTS, 50,000 in Port Arthur alone by one estimate, fled their homes. Some took refuge in schools, churches and steel-framed buildings. Others fled in their automobiles to sectors out of the tempest's path.

Raging seas more than 200 miles down the Texas coast swept four vessels, including the 400-foot Sinclair Company tanker Sheldon Clark, aground in Aransas Bay. The other vessels were two barges and a tug. The crews apparently were safe.

THE NEW ORLEANS Weather Bureau said the center of Audrey was about halfway between Beaumont and Lake Charles, along the border between the states, and moving northward about 15 miles an hour.

The hurricane victims were all drowned, nine of them in a fishing vessel that went down in the churning Gulf of Mexico near Galveston.

The calm eye of the hurricane, surrounded by a vast doughnut of deadly winds, passed straight up the Louisiana-Texas border. Observers clocked its passage as the wind stopped when the eye was directly overhead.

THEN, AS THE eye passed, the wind started howling again from the opposite direction. The eye first passed over Port Arthur, the first major city in its path. Then, at 8:15 a. m. p.m., Orange, Tex., about 25 miles northeast, reported the eye passing overhead.

But the worst winds were in the northeast quadrant of the hurricane, which was slamming into the Louisiana coast in the Cameron area and east.

AS AUDREY raged toward shore, it hurled a two-masted fishing vessel, the Keturah, into an oil rig near Galveston. The Keturah went down with all nine crewmen on board. Another man was drowned Wednesday night off the Texas coast.

All except two families fled the little town of Sabine, Tex., five stores and a population of 260, south of Port Arthur. The two families were cut off.

The worst part of the storm appeared to be passing east of the rich manufacturing triangle of Beaumont-Port Arthur-Orange on the southeast Texas coast.

Pay Raise Voted Postal Employees

Committee Acts Despite Appeal From President

WASHINGTON (AP) — The House Post Office Committee ignored the objections of President Eisenhower today and voted to raise the pay of 518,000 postal workers by 3.20 million dollars a year.

The vote, taken behind closed doors, was reported by committee members later to have been 20 to 3.

ONLY A FEW days ago, Eisenhower opposed a pay hike for postal workers this year. Administration leaders said it would only lead to demands for increases by other government workers and upset efforts to hold down government spending.

But the committee agreed today to meet next Tuesday to consider raises for other federal workers.

Eisenhower said raises for all classified workers would be inflationary.

IN OTHER Congressional news, Chairman Graham A. Barden (D-N. C.) of the House Labor Committee and Secretary of Labor James P. Mitchell feuded over who is responsible for delaying congressional action on new labor legislation.

Barden accused Mitchell at a committee hearing today of unnecessary delay in answering certain congressional requests. Mitchell conceded there was some justification for the complaint against his department and promised to investigate. But he again noted that the committee never has acted on five of the administration's labor bills.

Assault Suspect Arrested in San Bernardino

Accused of shooting and slightly wounding a Village woman, lanky Alonzo Fatheree, 34, was today booked by police on a charge of assault with a deadly weapon.

The six-foot-six man was picked up by San Bernardino police yesterday and returned here to face the accusation of Mrs. Ozell Berry, 31, of 467 1/2 East Arenas Road.

Mrs. Berry claimed that Fatheree shot her in the left shoulder early Monday morning after she refused to acknowledge his demands for money. The light-caliber bullet inflicted a minor flesh wound.

NEW CHAMBER OF COMMERCE offices were christened today as the chamber's board of directors met in the new building for the first time. The chamber will officially move into the new edifice on Saturday. Directors seated at the new board table were, left to right, George Olman, Bob Schlesinger, Warren Slaughter, Dr. B. H. Pollak, Earl Hough, Francis Crocker, Tom Kieley, Secretary Doris Christian, Harry Paisley, Frank Rogers, Harold West, George Gannon and Bill Tackett. (Desert Sun Photo.)

Chamber Joins Campaign for Bus Facilities

Chamber of Commerce directors today voted unanimously to ask Greyhound Bus Company officials to renovate and modernize the Palm Springs Greyhound station. The chamber resolution specifically requests upgrading of the bus depot at 221 North Indian Avenue, providing modern and comfortable accommodations for passengers.

ACTION BY THE chamber board of directors came as a result of a Desert Sun story which last month pointed out antiquated and insufficient facilities for travelers entering or leaving the resort city.

Chamber officers agreed that the old stucco structure that serves as the Greyhound station was not keeping with city beautification programs.

The Desert Sun article noted that the structure lacked sufficient space to comfortably accommodate more than a small portion of the hundreds of passengers embarking and debarking every week.

THE STORY singled out waiting room inadequacies, noting that a solitary two-seat bench and two chairs were the only concessions to passenger comfort.

The Sun felt that as a "gateway to one of the nation's most famous resort communities," the Greyhound depot left much to be desired.

Council Adopts \$2,549,057 Budget, Tax Hike Seen

The City Council last night unanimously adopted a fiscal 1957-58 city budget of \$2,549,057, calling for a tax rate increase only a fraction above last year's schedule.

Based on a predicted record high of \$32,000,000 in assessed evaluation, the new tax rate was posted at 1.172 per \$100 evaluation. The 1956-57 rate was 1.147.

Representing an increase of \$67,591 over last year's budget, the new financial plan embodies a last-minute slashing of more than \$20,000 earmarked for street lighting but carries a provision for proposed salary increases.

HOWEVER, THE budget will be taken under study by the council to determine whether the wage hikes, effective Jan. 1, 1958, will be blanket increases or raises for specified personnel only.

Except for discussion of salary increases, the budget was adopted almost without comment by the council.

The increase over the previous budget was regarded as "relatively low" by City Manager R. W. Peterson, who noted that it does not reflect city hall construction or street light installation.

ADDITIONS OF the salary increase, \$23,000, and Ramon Road intersection improvements, \$4,500, added .053 to the tax rate.

Major cash outlays contemplated in the budget involve addition of five new employees in the past year, a request for 10½ new personnel, and city building and equipment additions.

Biggest personnel additions are contemplated by the police department, which asked for five new officers, and the fire department, which gets two new men.

COST OF THE new budget will be borne by such factors as miscellaneous revenues which will provide \$851,590 of the total budget. These funds come from sales taxes, licenses, fines, and various miscellaneous sources.

The mammoth predicted increase of assessed evaluation, up \$4,043,380 from last year, is expected to provide property taxes accounting for \$615,202 of the total budget.

Both items, costing \$432,103, were paid from last year's reserves.

THE SALARY budget, considering salary increases granted last Jan. 1, is responsible for a major increase in costs. The budget calls for an outlay of \$902,150, as compared with \$706,715 last year.

Viewing addition of \$23,000 to the budget for next January's proposed increase, Councilman Ted McKinney suggested careful study to weigh appropriation raises.

The council agreed to chop \$21,280, designated for Indian Avenue street lighting, from the budget, and transfer of \$10,000 for library improvement to capital outlay fund.

These changes cut .060 from the tax rate of 1.179 proposed in the preliminary budget.

THE SENATOR said the bill also would carry out provisions of a law enacted in 1917 and directing allotment of reservation lands to members of the Mission Tribe.

The land in the Palm Springs vicinity intended for the Agua Caliente band has been involved in "almost continuous lawsuits," Kuchel said.

UNDER HIS bill, each eligible Indian would receive a proportionate amount of stock in the corporation and would receive dividends from sales or leases of the land.

The proposal would provide for equalization of allotments previously made, with individuals with lands of less proportionate value receiving additional stock in the corporation.

Senator Kuchel Introduces Bill On Indians Here

Sen. Thomas H. Kuchel (R-Calif.) introduced a bill Wednesday he said was designed to "end a 40-year problem" of distributing land among Agua Caliente Indians in the Palm Springs area.

Kuchel said that in response to an Interior Department suggestion he drafted a measure providing for formation of a tribal corporation to take charge of undivided portions of the Agua Caliente Reservation. He said the reservation was estimated to be worth more than 12 million dollars.

THE SENATOR said the bill also would carry out provisions of a law enacted in 1917 and directing allotment of reservation lands to members of the Mission Tribe.

The land in the Palm Springs vicinity intended for the Agua Caliente band has been involved in "almost continuous lawsuits," Kuchel said.

UNDER HIS bill, each eligible Indian would receive a proportionate amount of stock in the corporation and would receive dividends from sales or leases of the land.

The proposal would provide for equalization of allotments previously made, with individuals with lands of less proportionate value receiving additional stock in the corporation.

WASHINGTON UP — The U. S. Court of Appeals upheld today the secretary of state's right to withhold passports from persons who refuse non-Communist affidavits.

British Report Smoking Causes Lung Cancer

LONDON (AP) — A British Health Ministry spokesman said today that a major part of the "very great increase in deaths" from lung cancer in males during the past 25 years was caused by smoking, particularly heavy cigarette smoking.

John Vaughan-Morgan, Parliamentary secretary to the Ministry of Health, told the House of Commons in a long awaited report:

"IN THEIR annual report and more particularly in their special review of the subject, the Medical Research Council advised the government that the most reasonable interpretation of the very great increase in deaths from lung cancer in males during the past 25 years was that a major part of it was caused by smoking tobacco, particularly heavy cigarette smoking."

"The government feels," the spokesman said of the cancer-smoking announcement, "that it is right to ensure that this latest authoritative opinion is brought effectively to public notice so that everyone may know the risk involved in smoking."

"THE GOVERNMENT," Vaughan-Morgan added, "considers that these facts should be made known to all those with responsibility for health education . . ."

"Local health authorities will be asked to take appropriate steps to inform the general public."

"Once the risks are known, everyone who smokes will have to measure them and make up his or her own mind and must be relied upon as a responsible person to act as seems best."

Col. Nickerson Says Air Power Is Overrated

HUNTSVILLE, Ala. (AP) — Col. John C. Nickerson Jr. testified today that "gross" overemphasis on air power exists in the Defense Department.

Reliance on air power alone, the Army missile officer testified at his court martial, might lay the United States open to "total defeat" if Soviet armies overrun most of the Free World.

Nickerson was testifying in his own defense in an effort to mitigate his sentence for admitted negligent handling of secret documents.

BUT NICKERSON almost immediately launched a blistering attack on the air power philosophy of defense which he said has been "glamorized and publicized" by every member of the Air Force.

Nickerson himself had opened a bitter interservice fight over control of ballistic missiles when he protested Secretary of Defense Charles E. Wilson's decision to turn such weapons in the intermediate range to the Air Force.

Tony Rodriguez Might Skip Heart Surgery

CHICAGO (AP) — Physicians at Children's Memorial Hospital said today preliminary tests indicate little Tony Rodriguez might not have to undergo heart surgery after all.

The 2-year-old Coachella boy was flown here Wednesday in an Air Force plane, the "Good Samaritan," for treatment of a congenital heart defect. Residents of Tony's home town contributed funds to finance the trip.

President Favors New Laws for FBI

WASHINGTON (AP) — President Eisenhower indicated today he favors legislation to plug legal "loopholes" created by the recent Supreme Court decision opening FBI files to defendants in certain criminal cases.

Senate Republican leader William F. Knowland said after a White House meeting that the President recognized there is a "very real problem" for enforcement agencies growing out of the court's decision.

Knowland said the President did not endorse any specific legislation to correct what Knowland called "loopholes" created by the decision.

BUT HE SAID Eisenhower "raised no objection" to legislation introduced to counteract the ruling. The President indicated he recognized there is a "very real problem" in the area, Knowland said.

The court ruled June 3 in the so-called Jencks case that defendants in a criminal case have the right to examine FBI reports pro-

vided by informers who are used as government witnesses in the trial. Some trial judges have interpreted this to mean that the government should produce all FBI records that may be pertinent.

BILLS HAVE BEEN introduced in both the Senate and House to limit the effect of the court's decision. Generally, they provide that FBI documents would be produced only at the discretion of the trial judge.

Eisenhower's attitude on pending legislation was set forth at a time when the FBI made clear that it would drop out of prosecution of some spy and other criminal cases if such a drastic step is necessary to protect its confidential sources.

Knowland said that Attorney General Herbert Brownell Jr., who sat in on the White House meeting, indicated that he feels the "approach" of the pending bills in both houses is "constructive" and would "remedy some of the problems."

CITY SUMMER RECREATION programming got off to a big start as youngsters flocked to such activities as this art class conducted by Mrs. Chris Ranes at Frances Stevens School. The class is part of the arts and crafts project being conducted for Village youngsters as part of the City

Recreation and Park Department summer recreation schedule. In her morning art class, Mrs. Ranes is offering advice to Dinah Bernstein while, left to right, Roger Richard, Victor Stumpf and Leslie Grommon busily apply themselves to their sketching paper. (Desert Sun Photo.)

County Board Acts on Several Road Requests

The county Board of Supervisors acted this week on a number of road improvement petitions in accordance with recommendations by the road commissioner and the planning commission including the following:

Improvement of road from Hemet to Imperial Valley via Coyote Canyon requested by Borrego Springs Chamber of Commerce; not feasible as a county project, request denied.

ONE THOUSAND Palms Canyon Road between Ramon Road and Dillon Road; request for improvement and paving denied. Estimated cost, \$40,000 to \$50,000. Funds not budgeted.

Shady Lane Road from Avenue 52 to Avenue 54 near Coachella; on recommendation by Road Commissioner A. C. Keith the board referred the request for opening up the stretch of road and including it in the county road system to the planning commission.

EXTENSION OF Avenue 39 easterly a distance of 330 feet from Peterson Road southeast of Cathedral City; request denied. Planning commission said property in the area has been divided by metes and bounds without any subdivision review and access to various parcels is inadequate.

They said property owners in the area should cooperate in the filing of a subdivision or record of survey map with a view toward making adequate provision for access to the various properties and provide a coordinated road system.

Robin Freed

HARTFORD CITY, Ind. — (UP) — A robin carrying a piece of string to a nest was trapped high in a tree when the string caught on a branch and the bird's claw at the same time. Members of the Charles Russell family, seeing the bird's plight, called firemen, who hoisted an aerial ladder and freed the robin.

89 to Attend Jehovah's Meet

Jehovah's witnesses in this area are making plans now to attend a five-day convention, July 24-28, at Los Angeles' Wrigley Field. This announcement was made by Earl Wheeler, presiding minister of the local Cathedral City congregation of Jehovah's witnesses. Mr. Wheeler expects his entire congregation of 89 persons to attend.

The Wrigley Field Assembly is one of a series of 15 such conventions to be held during July and August in the United States, Canada, Hawaii and the British Isles.

Mr. and Mrs. Joseph Begin of this community are sharing in advance preparations now under way at Convention Headquarters. Mr. Begin has been assigned to take charge of one of the 25 major departments necessary to the successful operation of such a large convention.

"In 1947 and again in 1955, Wrigley Field held overflow crowds as one of the locations for international assemblies of the witnesses in those years.

National Forest Fire Areas To Go Into Effect July 1

Portions of the San Bernardino National Forest including the steeper, chaparral covered slopes will be closed to use and public entry as a fire prevention measure during the high fire hazard summer months, Forest Supervisor Jim Jarvi said today.

These precautions, invoked by the Regional Forester "to the public interest will go into effect July 1. Maps showing the high fire danger areas that have been closed are available free of charge at all U. S. Forest Service Ranger Stations.

SIGNS ARE POSTED at all road and trail entrances to the closed areas and at intervals along the boundaries to inform hikers, campers, fishermen, hunters and others of the location of the closed fire hazard area. Persons who are in doubt as to the location of closed areas should inquire at the nearest ranger station.

All persons having business of an official or emergency nature which necessitates their traveling in a closed fire hazard area must first secure a permit from the nearest forest ranger station. A

bonafide resident going to or from his home within the closed area need not secure a permit.

"FOREST FIRE danger in the mountain and foothill areas of the San Bernardino National Forest is now in the critical period." According to Jarvi, "every fire prevention precaution must be taken to avoid destruction of these most valuable watershed and recreational areas." Expecting visitors in excess of the 5,853,000 persons who used the San Bernardino National Forest during 1956, rangers are emphasizing every phase of fire prevention to meet the anticipated increase in fire risk.

All persons living in or going to the mountains are requested to be extra careful this year by following these simple rules of the woodsman:

1. CAMP OR picnic only in improved campgrounds after securing a camp-fire permit from the Ranger. Permits are required before you build any type of fire.
2. Smoke only in camps, places of habitation and designated smoking areas. Do not smoke while traveling in vehicles.
3. Be careful of any fire in any form. When in doubt—ask the nearest Ranger, Fire Warden or Officer.

With the Fourth of July just around the corner, Forest Rangers advised that the use or possession of fireworks is unlawful in both San Bernardino and Riverside Counties. Rangers have been instructed to confiscate all fireworks brought into the National Forest.

Needs the Raise

PATERSON, N. J. — (UP) — When Albert A. Verbrugge was elevated from captain to deputy police chief he went to visit some friends to tell them the happy news of his promotion. When he returned to his new parked car, he found a hit-and-run driver had smashed into it, causing some \$200 damage. Verbrugge, not insured for such a collision, figures the pay boost that goes with his promotion will absorb the damages — eventually.

Cathedral City

By JEAN PATANE

The annual picnic of the Westminster Fellowship Youth Group was held at Idyllwild where the youth had a very enjoyable day of fun. Mr. and Mrs. Marion Woody and Mr. and Mrs. Robert Lather escorted the group.

Thirty-five officers, teachers and laymen of the Community Church held their annual retreat at the Clifford Young home in Pinon Flats. Plans were made for the ensuing year.

Mr. and Mrs. Don Veith are leaving this week for an extended tour of the west, stopping at Yellowstone Park, Vancouver, Canada, and the State of Washington, completing their trip at Lake Tahoe. Mrs. Veith is clerk of the Sessions and Mr. Veith is elder and treasurer of the Cathedral City Community Church.

Miss Pat Boyhan, owner of the Merle Norman Cosmetic Studio in El Cajon, and Bob Butler were weekend guests of Mr. and Mrs. Bob Irvine of the DeLuxe Trailer Park.

Mrs. Jeannette Evans and daughter, Judy, are spending the summer at the Presbyterian Church camp at Big Bear where Mrs. Evans is in charge of the cafeteria.

A unique two months trip is planned by Mr. and Mrs. C. S. Cobb. In their comfortable trailer, the Cobbs are driving to Yellowstone, where they will join a group of sixty friends who call themselves the Yellowstone Mountain Club, many coming from all parts of United States. After a program of two weeks activity, Claude and Mrs. Cobb and eight of the trail-erites leave for Vancouver Island to stay for the rest of the summer.

Many of Duke Patane's playmates who have recently contacted his home, will be interested to know that Duke has left for camp with the Pasadena and San Marino YMCA youngsters at Bluff Lake near Big Bear, where an eight day campout with 150 boys is under the direction of Pat Scott, camp director.

Mr. and Mrs. Clarence McQuown are leaving for Idyllwild

Morrison, Hass To Be Sworn In as Members

Two Village businessmen will be sworn in as members of the Palm Springs Unified School District Board of Education tonight. Fred Morrison and Herbert Hass will take their oaths of office when the regular school board meeting opens at Frances Stevens School at 7:30 p.m.

The oath will be administered by School Supt. Wallace Muelder and the new members will be seated by Haig Harris, acting board chairman.

Morrison, an insurance adjustment company operator, and Hass, local hotel manager, were appointed to fill board vacancies created by last month's resignation of President Raymond Sorum and Member Helen Staley.

Both new members were unsuccessful candidates for board seats at last year's school district election.

They were named to the board by Member Haig Harris and Frank Muller, who overrode protests of Member Arnold Rumwell in last week's board meeting.

Scout Troop 39 Ends Year With Gorgonio Hike

Palm Springs' Boy Scout Troop 39, sponsored by the Rotary Club, recently concluded the year's scouting program with a San Gorgonio peak climb.

The first night's camp was made at Dollar Lake—6300 feet. Along their climb to the 11,450-foot peak, they encountered both snow and deer. The next morning they hiked over the peak and back down to the cars, a distance of 12 miles.

The Scouts were Jim Curtis, Mike Francisco, Wayne George, Mike Macy, Fred Wilson, Carson Fleetwood and Eric Samson; and Explorers were Dan Chalfont, Bob Lubach, Jim Lubach, Hilton McCabe, Jr., Clark Moorten, Ken Smith and Bill Wilson.

Leaders were Clarence Macy, Scoutmaster; Robert Landy, Explorer advisor; Dr. Clarence Smith, advancement chairman, and Terry S. Folwell, guest.

Youth Center Sets Senior High Activities Night

In order to provide a variety of activities, the Palm Springs Youth Center has set up in its schedule a Senior High activities night to be held every Thursday from 7:30 to 10, starting tonight.

Only high school students will be eligible for this program. The activity program will include pool, ping pong, basketball, shuffleboard and many others. Tournaments and contests will be held in many of these activities and prizes will be given.

The program will feature dances every other Thursday and a disc jockey from one of the local radio stations will provide music.

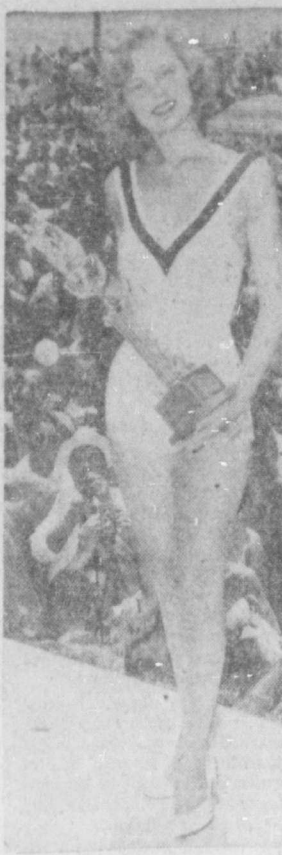

All high school students are invited to attend.

Duke Follows Safe Driving Talk With Accident

LONDON —The Duke of Edinburgh, who was in London for a few days after he had made an appeal for careful driving in a London speech.

The duke was driving Queen Elizabeth to a dinner at Windsor Castle in honor of the commonwealth prime ministers when his fast Lagonda hit the other car. No one was injured.

The duke was fresh from a luncheon meeting of the British Automobile Association, of which he is president. There he said motorists should take their share of the blame for the 800 casualties each day on British roads.

POSSESSING BULGES where it counts, Lorna Myrtle Anderson, 18, Sacramento blonde, is crowned "Miss California" at Santa Cruz pageant.

Strong Quake In Siberia Area Recorded Here

BERKELEY, Calif. — Seismographs recorded earthquakes in Asia and in California Wednesday night.

The University of California recorded a strong quake at 5:21 p.m., p.d.t., with a second phase following 10 minutes later.

Seismologist John DeNoyor said the quake had a magnitude of between 7.50 and 7.75 on the Richter scale of 10. He estimated it was about 5,400 miles away in a northwesterly direction.

The U. S. Coast and Geodetic Survey in Honolulu also recorded a quake, placing it close to Siberia.

In Mobile, Ala., the Spring Hill College seismograph recorded a "tremendous earthquake" 6,700 miles from Mobile in an undetermined direction at the same time as the quake in Berkeley was recorded.

Later, the UC seismograph recorded a slight tremor in the South San Francisco and San Bruno areas at 9:38 p.m. DeNoyor said it had a 2.50 magnitude. He said it was an aftershock of the March 22 earthquake that damaged parts of San Francisco and neighboring Daly City.

Banning, California

New Auger Aids In Rescue of Trapped Miners

BLOOMINGDALE, Ohio —Five coal miners entombed for 14 hours by a cave-in were rescued Wednesday night through a shaft bored by a tremendous mine-digging machine.

It was believed the first time the machine, a giant auger developed to make coal mining more economical, ever was used in a rescue attempt.

THE BIT OF the auger, 3½ feet thick, and capable of boring 120 feet an hour, pierced 240 feet into the side of a Powhatan Coal Company strip mine near here and hit "dead center" in a low chamber where the miners were trapped.

The men crawled to safety through the hole, the third bored by the auger in the rescue effort, at 7:50 p. m., p.d.t. They had been trapped since 6 a. m., p.d.t., in a space 40 feet long, 4½ feet high and 9 to 16 feet in width.

ABOUT 200 PERSONS, including wives and children of the trapped miners, rescue workers and two priests, shouted joyously at sight of the rescued men.

"We never gave up hope, we knew that machine would get to us," said Kenneth Hamilton, 38, the first man out of the mine.

Behind him came Joseph Supinski, 29, Martin Kovalski, 40, Henry Horvath, 38, and Fred Soble, 38.

None had suffered any injuries.

It's True, Grace Is Expecting Second Child

*MONACO. — Official sources said today Princess Grace is expecting a second child.

A report that the former movie actress was pregnant originated in Rome when it was disclosed Prince Rainier censored photographs of the princess taken in profile and emphasizing her maternity-like clothes.

Official sources in Monaco then confirmed that Grace was expecting another child. The first, Princess Caroline, was born last January.

Rumors had circulated for some time the Philadelphia movie actress was expecting. There was no formal announcement today but a spokesman admitted the rumors were true.

It was believed the second child may be born near the end of November or early in December.

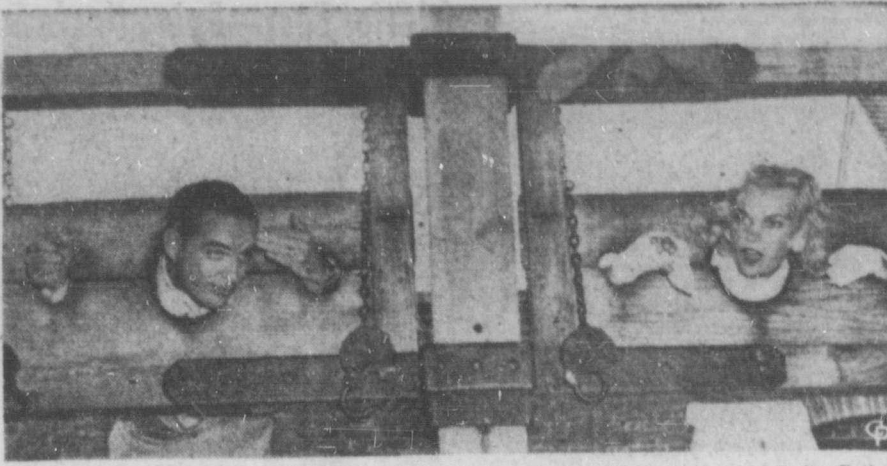

The Rainiers were married April 19, 1956.

Hoover Returns As Consultant

WASHINGTON —Former Undersecretary of State Herbert Hoover Jr. has been called back to the State Department as a part-time consultant on oil and other problems, it was learned today.

Hoover, 53-year-old son of the former President, resigned Feb. 1 from the No. 2 job in the State Department to return to private life in California.

HOLLAND, Mich. — (UP) — A truck loaded with 6,500 bottles of beer collided near here with a truck carrying 11,500 eggs.

ATTENDING GOVERNORS' conference at Williamsburg, Va., Gov. and Mrs. Frank Clement, agreed stocks were thoroughly uncomfortable, Tennessee, can't resist temptation to try out (International).

MORE ABOUT, from Page 1 SCHOOL

what he considered are "some very significant programs."

HE SAID THAT 20 new employees will be added to the district, at a cost of about \$110,000. Muelder said the number of pupils per class was to be cut sharply, requiring more teachers than normal growth would indicate.

In addition, \$65,000 is added to the budget to cover costs of salary increases voted by the school board. Muelder also anticipated increases in allotments for institutional supplies and a five-year fire insurance plan costing from \$9,000 to \$9,000.

IN REGARDS TO building, Muelder said that "some very urgent need" for classrooms at certain schools may require the board to dip into "unanticipated resources," meaning some special short-term tax financing.

Muelder explained that some classes are being conducted on the stages of multiple purpose buildings at Cielo Vista, Cathedral City and Frances Stevens Schools.

No financial relief was seen from the state, which chopped almost two-thirds from the amount anticipated for the Palm Springs School District.

The school system will receive an apportionment of about \$5 per pupil, or a total of \$369,500.

"I feel that this is very unfair, since some school districts will get as much as \$72 per pupil," Muelder said.

THE DIFFERENCE between the amount granted by the state and the figure anticipated will have to be "picked up by the district taxpayers," he said.

The preliminary budget will be sent to the county schools superintendent for review. It will be published the third week of July and set up for hearing the second week of August, after which it will become law.

Muelder noted that this is "something of a paradoxical situation" because the district will be without budget funds from the end of the current fiscal year, June 30, until the budget is adopted. Meanwhile, expenditures will be made from last year's reserves.

LEGAL NOTICE

No. 415
NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES
June 25, 1957
TO WHOM IT MAY CONCERN:
Subject to the issuance of the license applied for, and commencing not less than 30 days after the posted notice is hereby given that the undersigned proposes to sell alcoholic beverages at these premises, described as follows:
1000 East Palm Canyon Drive, PALM SPRINGS, Riverside County.
Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance by transfer of an alcoholic beverage license for these premises as follows:
ON-SALE GENERAL.
Anyone desiring to protest the issuance of such license(s) may file a verified protest with the Department of Alcoholic Beverage Control at Sacramento, California, stating grounds for denial as provided by law. The premises are now licensed for the sale of alcoholic beverages.

Philippine Official Asks Russia to Open Atomic Tests

SAN FRANCISCO —Carlos P. Romulo, Philippine member of the United Nations Security Council, asked the Russians today to let observers from non-Communist countries witness a Soviet atomic explosion.

Romulo voiced this plea for the second time in recent weeks in a speech prepared for delivery at the 40th annual convention of Lions International.

HE CITED A recent television appearance by Nikita Khrushchev in which the Soviet leader "by implication" claimed the Russians did not have to announce their atomic tests in advance because they were not harming anyone.

Romulo cited testimony before a congressional committee on June 5 by Dr. Ralph E. Lapp, formerly an atomic physicist for the United States government. He quoted Lapp as saying:

General Reverses Marine Sentence

CAMP PENDLETON —The commanding general of Camp Pendleton has reversed the court-martial of 18-year-old Pvt. Peter H. Green, who refused to bear arms under the claim that he is a conscientious objector.

Green, Evanston, Ill., was convicted May 29 of willful disobedience to an order to draw a rifle for combat training. He was sentenced to four months at hard labor in the stockade.

Supreme Court Attacked, Defended by Congressmen

WASHINGTON. — The Supreme Court was attacked today as an "aid and comfort" to Communism and defended as a co-equal branch of the government doing its part in safeguarding individual liberties.

The mounting controversy over recent court rulings brought with it new warnings of threats to law enforcement.

THE FBI WAS reported ready to withdraw from prosecutions of espionage and certain other criminal cases if necessary to protect the secrecy of its files. The Justice Department urged laws to safeguard FBI files, and to establish new police procedures to prevent breakdown of prosecutions against hardened criminals.

The Senate exploded in debate on the court Wednesday. Views ranged from that of Sen. Strom Thurmond (D-S.C.) who charged

the tribunal had "gone power wild," to Sen. Alexander Wiley (R-Wis.) who pleaded against "abuse to the highest tribunal of our land."

REP. DONALD L. JACKSON (R-Calif.), in a speech prepared for House delivery today, denounced the high court's current course as "lending aid, comfort and assistance" to the Communist "enemy."

Asserting that June 17, when two of the most disputed court rulings were issued, might be celebrated as a "red letter day," Jackson said Congress should protect its committees by special legislation or abolish them.

Jackson, a member of the committee on un-American activities, found himself sharply at variance with committee Chairman Francis E. Walter (D-Pa.).

WALTER SAID Wednesday no new legislation is required to meet the Supreme Court's edict in the Watkins case, one of those delivered June 17. That decision said witnesses can refuse to answer committee questions unless the purpose of the inquiry is given and the relevancy of the questions shown.

Walter said recent San Francisco hearings of an un-American activities subcommittee showed the court's ruling could be followed without difficulty.

Sen. Jacob K. Javits (R-N.Y.), in a speech prepared for the New York State Veterans of Foreign Wars convention at Rochester also said it is "entirely practical" to guard against internal subversion while complying with high court rulings in the Watkins and other cases.

Editor's Corner

FUTURE OF AREA OFFICIALLY RECOGNIZED

Granting of a charter for another branch bank in Palm Springs is indicative of the confidence being shown in this area. The decision of Federal supervisory banking authorities was based on facts and figures; positive indications of future growth. It is recognition of a sound economy which has overcome adverse affects of seasonal fluctuation.

When the City National Bank of Beverly Hills opens its branch here the Palm Springs - Cathedral City - Palm Desert area will be served by three individual banks with five offices. Citizens National has only recently been given authority to open a branch in the South end of the Village.

Confidence in the future of this resort area has been shown by other Federal agencies in the last few years, the most recent being the granting last December for a charter for a Federal savings and loan association here. Such action was taken only after an extensive survey of the area had been furnished to the Federal Home Loan Bank board and convincing proof furnished of the need and probability of success of such an institution in this area.

Building Permits Soar

In a single week this month building permits issued in the city alone

amounted to \$254,000. This included 11 additions to existing structures amounting to \$31,000, 13 swimming pools at a cost of \$52,000, two apartment hotels valued at \$108,000, a \$14,000 home, \$29,000 commercial building and a \$12,000 church structure.

We are witnessing such evidence of growth on every hand, not only in Palm Springs but throughout this entire resort area.

CAB Should Act

It is about time now that the Civil Aeronautics Board recognizes the need for plane service to this area from the East. Surveys have indicated that such a service would be successful. The increase in travel to and from Palm Springs during the past year (in spite of poor connections from the East) is further indication of the potential air traffic. Both Continental and United Airlines have applications pending before the CAB.

This should be the next good news for residents and business interests of the Desert area. It is bound to come because it is just a question of time before the need will be officially recognized. The CAB is slow to act but the decision to grant plane service from Chicago or Denver to Palm Springs should not be long in forthcoming. The need becomes more apparent every month that the CAB delays its decision.

HOLMES ALEXANDER:

1960 and All That

WASHINGTON, D. C. — "My name is Lawrence W. Longlooker," the man said. "I take a long look into the future of political events."

"Well," said Longlooker, "my target for today is the 1960 election. As I see it, we're going to have a peace candidate, a war candidate and a surrender candidate."

"Peace? War? Surrender? Incredible!"

"HAROLD STASSEN is obviously the peace candidate," said Longlooker. "They laughed when he sat down at the harpsicord, but despite a number of crashing discords he's managed to get a few people dancing his tune. And he's got a number of others beating time for him."

"That's right," said Longlooker. "This fellow V. A. Zorin, the Russian 'peace' salesman, is tapping his foot to the Stassen tune. Every time Harold pulls a blooper, which is not infrequent, this Zorin makes a so-called concession toward disarmament and Harold is back on the beat."

"Anybody else keeping time for the peace candidate?"

"DR. LINUS PAULING," said Longlooker. "He's the Nobel Prize scientist who leads some 2,000 other absent-minded humanity lovers in trying to halt our B-bomb testing—in the name of peace, of course. It all helps Stassen."

You mentioned a war candidate. There's no such thing in America.

"There's no I-want-war candidate, as such," admitted Longlooker. "But there are a number of political leaders who believe that dishonor, surrender and defeat-by-negotiation are worse than war. This means that they are willing to fight, are not afraid to fight, and are not afraid to say they're willing and unafraid to fight for the four . . ."

Oh, please. Not again! Not the Four Freedoms!

"NOPE," SAID Longlooker. "You interrupted me. I was about to say the forty-eight States and the American Constitution. Without wishing to pin the war-monger label on anybody, I would say that the admirers of Douglas MacArthur, William Knowland, Lyndon Johnson, Mark Clark, Arthur Radford, Clarence Manion, the late Joe McCarthy, the late George Patton, the late James Forrestal and some others who get pretty excited about American rights—that followers of these men will raise up a candidate against the idea of peace-at-any-price."

You mentioned a surrender candidate for 1960?

"OH, WE'LL HAVE lots of those," said Longlooker. "Look at the politicians, publicists, publishers and columnists who are supporting American aid to Communist Poland. There are numerous reasons for taking that position. Farm State politics favored Polish aid because it offered a chance to dump farm surpluses. Well, that's surrender for a mess of pottage, isn't it? Internationalists favored it on the

argument that American aid might mean Poland away from Russia. Well, that's the Titoist argument, but it's surrender to World Communism instead of Russian Communism."

How's that?

"Take a long look," said Longlooker. "We built up Communist Yugoslavia, Communist Poland, and Communist Hungary. Is that making World Communism stronger, or isn't it? Suppose the day comes when Yugoslavia is strong enough to dominate East Europe, and Hungary is strong enough to demand reunion with Austria? Today, we have one strong Communist power in Europe. Tomorrow, we could have four or more, thanks to American aid."

AND THAT'S surrender?

"What else?" demanded Longlooker. "And what else is the new soft-on-Red-China policy that begins with consenting to China-NATO trade. It will end with our trade and our recognition of Red China, and then we'll be building up a big Communist power in Asia. In the long look, does it matter if we boycott Russia, but feed and support Red countries elsewhere? It's surrender to World Communism, isn't it?"

But aren't you talking about the Eisenhower policy? And aren't you saying that the Eisenhower Administration candidate for 1960—perhaps Richard Nixon—might, in effect, be a surrender candidate?

"Don't pin me down," said Longlooker. "Let me pass the buck on that one. But take a long look for yourself."

AS OTHER EDITORS VIEW THE NEWS

GOOD SENSE

(Woodhaven (New Jersey) Leader-Observer)

Since it is in the government's civilian—not military—spending that economy can and should be achieved, Secretary of the Treasury Humphrey's call upon the public to force budget reductions makes very good sense.

The 1958 budget, including the highway program, is practically \$8-billion above that for fiscal 1955. The proposed civilian spending is some \$6 billion greater than in 1955, with only a \$2.4-billion increase for military spending.

Holding that the final answer to government economy lies with the public, Mr. Humphrey believes that if enough people stop demanding more and more government services and instead de-

mand that Congress spend less and less on them, the budget can—and maybe will—be trimmed.

BUDGET CUTTING

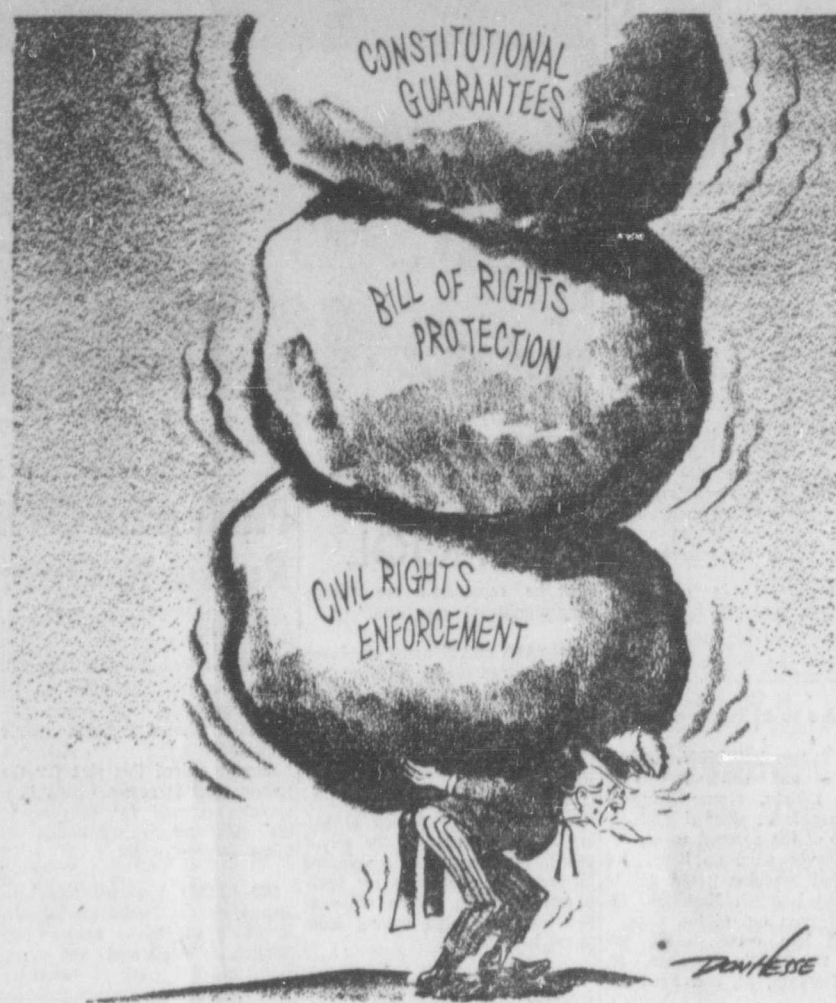

(Toms River (New Jersey) Ocean Co. Sun)

How much can the record-breaking \$71.8 billion budget be cut? In an item-by-item scrutiny, one group of fiscal and government experts (the Government Economy Committee of the National Association of Manufacturers) has pinpointed recommendations for slashing Government spending by some \$8.2 billions—again without impairing either national defense or Government efficiency.

How large a budget the nation has on its hands, come July 1st and the new fiscal year, depends on you. Keep up the good work. Keep those letters pouring into Washington.

Oliver B. Jaynes

It's Not Easy—Being Uncle Sam

THIS SIDE of The Sun

By Phat

Better be early
Than say it too late,
Go easy next week,
Be back July Eighth.

That's because one week from today is the Glorious Fourth and many people, just as they did Memorial Day, will stretch the holiday from Wednesday night to Sunday night.

THAT WILL GIVE them plenty of opportunity to meet up with trouble on the highways, in the mountains, at the beaches or wherever they congregate, working hard to celebrate not having to work hard.

Note, I did not include the desert. There's enough room here to keep from jamming up and I believe a lot of people will seek to get away from it all in these wide open spaces.

A PARTING THOUGHT on next week's festivities: Read the other day that a good way NOT to celebrate the Fourth was to buy a fifth on the third.

Anyway, you can't say I didn't give you a full week's notice on the holidays.

INTERESTING THEORY was propounded by an old coddler sitting next to me on a bench above the sea, watching the waves go by.

(Mr. Linotyper—That's a small "w." Don't let the fact that there's a naval base nearby, confuse you.)

Pardon the digression. Anyway, this man was talking about the changing times.

Said people were losing their old inhibitions in every way.

"JUST LOOK at the morning newspapers," he said. Evenings, too.

"The papers I used to read when young didn't have that kind of news."

I ventured the opinion that probably the newspapers had changed and were more outspoken in their coverage and was promptly shushed with the remark that I didn't know anything about newspapers.

That sort of worried me.

FUNNY, HE WENT ON, people are coming up with all kinds of funny answers but I have never heard the one I think is most logical.

"That is the fact that the air nowadays is filled with all sorts of radio waves; television, too, has been added lately."

"Don't you think that all of these radiations aren't having an effect on us today? Affecting our actions. Seems reasonable to me. Was different before we had 'em."

Just then, a pretty Wave (capital "W," please) went by. It seemed to affect his thinking.

PALM SPRINGS is growing like crazy. You just have to be gone a week or two to note great changes when you return, it seems.

It isn't at all what it was only a few years ago, except—

That redistricting a municipal golf course, a by-pass Highway 111, sewer bonds, conservation groups, attacks on the tramway and many other things we talked about then are still prime conversation pieces now.

O. K. How about that third bridge across Tahquitz Creek midway between Palm Canyon Drive and Sunrise Way?

INEZ ROBB:

Crazy Mixed-Up Kids

If the child is father to the man, the United States is heading into a new era of authoritarianism, with a dictatorial disdain of civil liberties and the Bill of Rights that would curl the hair of the founding fathers.

The latest results of Purdue University's excellent and established poll of teenage opinion shows that the high school students of today, who will be the masters of tomorrow, are suspicious of democratic processes, contemptuous of politics, distrustful of the people's ability to govern themselves and hostile toward the civil liberties for which our forefathers fought and died.

In a careful, nationwide poll, the Purdue Opinion Panel, which has been operating on the teenage level since 1941, found that more than 50 per cent of American high school students believe that:

1. Most people are incapable of deciding what is best for them.
2. Politics is beyond the comprehension of the citizen and, in addition, it's a dirty game run by crooks.

3. Wiretapping and the third degree should be legalized to assist federal and local police to maintain obedience.

4. Censorship of books, movies, radio and teevee should be invested in such police to protect ourselves from improper thinking.

In addition, 41 per cent of American high school students would cancel freedom of the press and another 33 per cent would deny freedom of speech to certain people (who espouse unpopular views) if it seems convenient.

Shades of "Mein Kampf!" A majority of American school students endorse some of the most vital and basic tenets of fascism as practiced by Hitler.

Another 26 per cent of high schoolers endorse unlimited search and seizure, without warrant, by police; 38 per cent believe the greatest threat to U.S. democracy comes from foreign groups and ideas, and 37 per cent would keep all foreigners out of the United States! Shades of Hitler, indeed!

But now we come to one or two

shades of K. Marx. Fifty-six per cent of teenagers agree that large estates should be whacked up as farm lands and handed over willy nilly, to the poor. Another 58 per cent see history only as the story of the fight for power between opposing classes — man vs. slave, landowner vs. peasant or serf and management vs. labor.

And another 62 per cent see modern society as motivated chiefly by and for materialistic profits.

But the great majority of high school students are also firm believers in free enterprise, the one civil liberty for which they apparently are willing to take a firm stand.

These kids are mixed up, all right, and I think they're crazy. But I don't think a nation founded on the precepts of freedom, liberty, justice and respect for the individual can ignore the frightening authoritarian implications, be they Fascist or Communist, mirrored in the above.

Letters

Editor
Desert Sun

I was in May a delighted visitor to Palm Springs—as a native of Connecticut I found it simply lovely.

There is one question I should like to ask—in your beautiful new Tamarisk Park, I didn't see any Tamarisk (trees). I hope this oversight will be corrected either by planting at least one Tamarisk, or changing the name.

The Tamarisk, as you know, is quite unique, easily cared for, easily grown, and a true native of the area. Its fast-growing attribute shouldn't be forgotten.

Please—at least one Tamarisk in the park.

Sincerely,

MRS. J. T. POWING,
General Delivery,
Hartford, Conn.

GRIN AND BEAR IT

By LIGHTY

"Just vacation plans! . . . but it's more fun to pretend I'm absconding! . . ."

EARL WILSON:

Cracks About Your Wife's Undress

NEW YORK—So how come I'm in trouble at home? Just this—a friend of mine, said, "Is it true that your B.W. and Gorgeous Mother-in-Law go barefooted in your apartment in this weather?" All I answered was one little word: "BareFOOTED!"

Poem scrawled on the construction walls of the new 611 5th Av. Bldg. by a member of Sidewalk Superintendents:

"There, there, Mr. Foreman, don't you weep,
Your men aren't dead. They're just asleep."

Slob that I am, I slobbered all over the place sneaking a peek at Joan Crawford's new picture, based on "The Story of Esther Costello." As Joan led the little blind-deaf-dumb girl out of the darkness, tears trickled down my grizzled beard and I groped for my breast-pocket handkerchief.

My B.W. was already bawling into it, partly because her hero, Rozzano Brazzi, was about to get pistolled to death for doin' both of 'em wrong. Joan will be the new sob girl after this. Johnnie Ray never cried this much.

Only two laughs occurred in the film—one when some kids in Ireland looked at the American auto, said, "Look, they're Catholics!"—and pointed to the license plate . . . which said "Mass."

The other snicker came when Joan flew the little girl to Boston Airport and we saw Joan right under a Pepsi-Cola sign.

Al Steele, Joan's husband and Pepsi board chairman, says they should change that sign in the picture . . . "We should make it larger."

Tallulah Bankhead's likely to star in a new play produced by Edmund Goulding, and written by Coleman Jacoby and Arnold Rosen. "Is it a western like everything else nowadays?" I asked the authors. "No, it's an eastern," said Rosen. "And what are the weapons in an eastern?" I inquired. "Same as in a western," he retorted. "A pair of 38s."

Jaci Johnson, the Las Vegas Beauty you saw on Jan Murray's TV, is giving it all up to operate a dress shop in New Jersey . . . There's a good line in "Sweet Smell of Success," the Burt Lancaster-Tony Curtis picture, when Barbara Nichols, toasting a gossip writer, says, "Well, here's mud in your column!"

Jack Benny reports from the Las Vegas Flamingo that he goes into Los Angeles Cedars of Lebanon Hospital July 12 for a check-up. If suffering from nothing worse than an enlarged wallet, he'll fly

over the Pole to Europe for a rest . . . Good news from Florence, Italy: Gladys Swarthout's recovering nicely from her remarkable heart operation. Her husband Frank Chapman, says she'll be singing again in a month or two. . . . Movie starlet Jarma Lewis is settling down in Chicago with her husband, Ted Bessinger, bowling alley tycoon, to have a baby. . . . Jack Paar, the Canton, Cleveland and Indianapolis comic, has been given a pay raise by NBC already though he doesn't take over the "Tonight" show till July 29. Reason: he's been told he starts nightly at 11:15 instead of 11:30 as first planned; he's got to be funny 1 hour and 15 minutes more a week than first ordered.

The Rocky Marcianos are reducing at Harbor Island Spa, Miami Beach, where you sit down at a table where you see everything you love to eat; however, everything's a low calorie substitute. In one week one patient lost 6 pounds and his disposition . . . Which reminds us, Alfred Hitchcock wired that he just put on 6 pounds. But he assured friends, "It's all right—it's healthy fat." Oh, sure.

Mrs. Joe Louis'll donate a day's take at her beauty parlor—plus all salaries to the NAACP . . . The Laurence Harvey-Margaret Leighton wedding, set for July, will wait till August . . . The Pentagon wants to test its missiles in the Australian desert . . . Tony Canzoneri's ex-wife Rita is due here this week; friends suspect the married writer David Chandler . . . NBC-TV wants Nat (King) Cole for 12 spectaculars, plus his new weekly show.

Errol Flynn has added material about estranged wife Pat Wymore to his autobiography . . . The Senate's Committee on Juvenile Delinquency will next take on H'wood . . . Gene Kelly's dates are with Doris ("How to Marry a Millionaire") Lilly.

EARL'S PEARLS:

An enterprising florist features this sign: "Husbands! We supply special corsages to go with weak alibis."

TODAY'S BEST LAUGH:

There's an old guy who still likes to ogle the young girls so he wears a leering aid.

WISH I'D SAID THAT:

An optimist nowadays is anybody who holds out his hand waiting for change—John J. Plomp, Detroit.

Henny Youngman says he attended a drive-in theater and saw a film so bad he not only swore off movies but also sold his car. That's earl, brother.

MIKE CONNOLLY:

Presley Has New Line

HOLLYWOOD—A French girl who claims she knew the late Erich von Stroheim intimately is suing to break his will . . .

Something new in the line of Hollywood wolf lines is the one Elvis Presley used when he met that cute British actress, Claire Bloom: "Gee honey, I'd sure like to, have you meet my folks!"

Another Mike Todd commercial tie-in: In addition to programs, records of "Around the World in 80 Days," \$2 boxes of candy, etc., they are now selling a perfume called "Nostalgia" in the lobby of the theatre where "Around the World" is showing in Hollywood. . . . And I wonder how the producers of "Sweet Smell of Success" will be able to top THAT?

THIS ATTAR-OF- roses business seems to be a trend. Otto Preminger passed out perfume too, at his "Saint Joan" premiere in Paris. One of the attendees, artist Salvador Dali, his moustache-a-quiver, refused the gift with this crack: "I create my own smells!"

You can't read the words in the picture but that medal that bounces off Marilyn Monroe's bosom in "The Prince and the Showgirl" reads "Some Countries Have Medals for EVERYTHING!" . . . Rumor's around that Harry Karl will re-wed Marie McDonald for HIS money (!)

Buster Keaton's midweek wel-blanket bit: "Don't be smug about nothing happening to you on Friday, Sept. 13, this year—remember there's always Friday, Dec. 13!" . . . Donald O'Connor's heat-inspired jingle: "Some gals are smarter than you think — they skin a wolf and get a mink!"

HOT NEW romance: Lili Gentile and Nick Adams, running all the cooling systems in the Sunset Strip's gilded saloons . . . Jayne Mansfield's hot-weather tip (For Girls Only Dep't): Keeping your cologne in the refrigerator keeps you cool and verdant . . . Then there's that old-time hot weather trick, the one I learned in Chicago: dampen the sheets.

Neat trick for Marlene Dietrich, that neat trick, in her next picture, "Witness for the Prosecution." In one sequence she will dump the glamor and wear a pretty nice and eye long slim

padded stockings to disguise those gorgeous gams.

REMEMBER JAMES Ellison, the actor? He's got it made. He quit acting and went into real estate — millions! . . . I wanna be the first to mention Abigail Kelllogg, a Gotham glitter gal who looks like a comer. She's 19, she's lovely, she's engaged — for the leading role in the Huntington Hartford Theatre production, here in Hollywood, of "The Dairy of Anne Frank."

Actor-to-actor talk at Ciro's: "I gotta get me some dark glasses fast. I just ran into six guys I owe money to!"

TV TOPICS — Costs of television sets are soaring 10 per cent soon . . . Nat "King Cole" will slash away \$25,000 for trilling the title tune for MGM's "Raintree County" . . . CBS-TV has sliced Cecil Barker, producer of the network's Red Skelton Show, onto developing the format and story line for the projected Mickey Rooney teleseries next season. Barker will continue with his Skelton shenanigans too.

Looks as though the networks will be jammed with Westerns and adventure series in the fall, with comedy assuming a strictly incidental role. Well, I donno. From where I set it doesn't seem kosher to have Sid Caesar, Jackie Gleason, Jimmy Durante and some of our other Comedy Kings sitting this one out!

LES BROWN blew Hollywood for a two-months tour of GI bases in Europe. Les expects to bump into Bob Hope in Paris, where Rapid Robert and his TV batoneer will cut a couple of capers together . . . Those two new studios, largest ever built for television, and the seven additional rehearsal halls, administration building and miscellaneous structures now being erected at CBS's Television City here in Hollywood, will cost around \$6,000,000 — half the original cost of the original TV City! Construction will be completed by late 1958.

Jack Benny's radio & TV orchestra lads set themselves up as a recording company called Playboy Music . . . Monday was so hot here in Hollywood, a TV exec was chasing his secretary around his desk—and they were both sweating!

THE POO POO LY DANCERS were featured on the program of entertainment at the luau by the Desert Does Tuesday night. The dancers, all members of the Desert Does, were taught by Marta Scott. (Desert Sun Photo).

Desert Does Hold Luau For Members

Hawaiian decorations made the Elks Lodge hall an appropriate setting for the Desert Does luau party Tuesday night.

Desert Does president Ruth Grelson acted as emcee for the evening, presenting a program that had been arranged by Marta Scott. Music was by Hazel Stachler, with Joan Boudreau arranging the music for dancing.

Hawaiian dances, which had been taught by Marta Scott, opened with the popular number, "Keep Your Eyes on the Hands," done by Marta Scott and Edith Lusby, and the "Cock-Eyed Mayor" by Silva Logan. Several of the dances were group dances done by the Poo Poo Ly Dancers. In the group were Charlene McKinney, Martha Jarrett, Thelma Taylor, Rayma Mutascio, Edith Lusby, Jo Cohen, Carmelita Smith, Kay Rich, Emily Rech, Silva Logan, Ruth Lewis and Maxine Jusela.

The luau, prepared and supervised by Johnny Remak, offered cold shrimp, sweet and sour ribs with pineapple, Hawaiian chicken, Paradise salad, Hawaiian fruit cocktail and Hawaiian punch.

CVSL Officials and Employees Enjoy Barbecue

Officials and employees of the Coachella Valley Savings and Loan Association, with their husbands and wives gathered at the new home of Mr. and Mrs. Elmer Wahlberg at 1824 Mesa Drive for a summer social event.

Around 40 enjoyed cocktails and a poolside buffet of barbecued chicken.

Among those in attendance were Mr. and Mrs. Arthur Cooper of the Indio office, Mr. and Mrs. Ted Smith of Palm Desert, Mr. and Mrs. Ed Benzel of Redlands, and Mr. and Mrs. W. H. Smith of the Palm Springs office.

Flower Arranging

WILLIAMSBURG, Va. — A new do-it-yourself kit is available to homemakers interested in flower arrangements. It contains skillfully dried "everlasting flowers," complete with instructions for arranging them in suitable containers. The flowers come in six color combinations. (Agnes Hoke, Williamsburg).

Summer cooler... fresh cucumber sticks, served with a sprinkling of salt and ground dill seed. Serve chilled.

Committees Named as Club Ends Meetings

Committees were named for the coming year as Soroptimist International of Palm Springs held its last business meeting of the year at the Palm Springs Biltmore on Tuesday, with retiring president Mabel Russell presiding for the last time.

The new president, Else Addes announced the following appointments: service, Ida Keeney, Eileen Carey, Jeanne Marnell, Mildred Jackson; budget, Eileen Carey, Lucille Johnson; program, Marie Ford; by-laws, Calista Stefan, Esther Weingarten; ways and means, Gurli Gilbert, Faye Morgan, Madge Holderman, Mildred Ritchie, Bonnie Welsh, Lois Wilson, Luella Coffin; publicity, Ida Keeney; bulletin, Polly Isenagie, Trixie Jarrette; attendance, Anita Buccino; hospitality and cheer, Edna Brott; membership, Mabel Russell, Jeanne Marnell; sister club, Lorna Little; social, Trixie Jarrette, Jeanne Marnell; fine and tail twister, Lorna Little; assimilation, Addie Hubbard, Dorothy Stein; scholarship, Madge Holderman; parliamentarian, Esther Weingarten.

The club will hold no official meetings during the summer months, however, some of the members will meet unofficially at the Chi Chi on Tuesday noons.

Pastels Replace Beiges in Decor

PITTSBURGH, Pa. — Pastel tints have replaced the "beige age" and the turquoise-aqua binge in home decorating motifs, reports Guy J. Berghoff, general paint manager of the Pittsburgh Plate Glass Co.

Berghoff said the pastel preferences seem to have blossomed overnight.

"Paint tastes, like popular music, are somewhat whimsical," he added. "A few years ago it was the 'beige age.' Beige was the rage in automobiles, carpeting, clothing, wall paints, drapery materials—anything that could be colored."

Then came the turquoise-aqua era in the closing days of World War II. "Eight out of 10 Americans living rooms took on the blue-green hues which followed into women's clothing and decorator fabrics," he recalled.

The era of deep, dark green walls, usually with white woodwork accents, was next.

"But now the present trend indicates lighter, brighter surroundings," he added.

The Ohio Extension Service suggests that if asparagus is to be stored, dry it well. Moist asparagus has a short life.

MISS CALIFORNIA is the goal tonight, when Karol Himes, Miss Palm Springs, competes with other California girls for the coveted opportunity of representing her state in the Miss Universe contest. Karol graduated from Palm Springs High School this month. (Anderson Photo).

Miss Palm Springs Thinks Happiness Beats a Career

Happiness is more important than a career to Karol Himes, Miss Palm Springs High School graduate, who as Miss Palm Springs will compete for the title of Miss California tomorrow night in the Embassy Room at the Ambassador in Los Angeles.

"I have no career in mind," said Karol as she flashed a dimple in each cheek. "My career will be raising children."

Karol, who has had some experience as a model in local fashion shows, finds modeling glamorous and fun but she doesn't think she'd like the strenuous life. "I just want to be happy," she insists.

Five foot four inches tall, with 34-22-34 measurements, she is a dark blonde with blue eyes, and a little pocket Venus who was the winner in the local Miss Universe contest, which was sponsored by the Desert Sun and Chi Chi restaurant.

She collects albums of jazz records and loves to dance. Her favorite outdoor recreation is water skiing at Salton Sea.

Mrs. Helen Beverly Stute will be with her, coaching her on charm, voice, make up and carriage. Her own parents, Major and Mrs. Floyd G. Himes are un-

Patrolman Married to Village Girl

Echoes of wedding bells rang in the ears of Patrolman H. Paul Smith today as he returned to duty with the Palm Springs Police Department.

Smith was married Tuesday — his day off — to Katherine Louise Muntz, daughter of Mr. and Mrs. N. R. Knight, of 435 Avenida Olancho, Village residents for several years.

A Palm Springs police officer for seven months, Smith is the son of Mr. and Mrs. Claude Smith, of Phoenix, Ariz.

RANCHO SAN ANTONIO GUILD executive committee women at Palm Springs home of Mrs. Joseph J. Malone are, left to right, front, Mmes. Roger W. Salmon, John B. Picone, William F. Cody, Joseph Moshay, Mrs. Malone, Mmes. John R. Orton, Claude C. Johnson, James V. MacDonald; back, Mmes. Ashley DeWitt, Jacoba C. Buchenau, Walter D. Smyth, president emeritus; H. Otto Barnes, Angelo Bonanno, Charles A. McPhee, J. Harold Thomason and Wilbur D. Curtis.

Mrs. Malone Hostess to Guild Board

At a luncheon meeting in her Palm Springs home, Mrs. Joseph J. Malone, new president of Rancho San Antonio Guild, complimented members of the executive committee who will serve with her in the coming year.

Those attending included Mrs. Walter D. Smyth, president emeritus, and Mmes. Jacob C. Buchenau, John R. Orton and J. Harold Thomason.

Also enjoying the delectable luncheon, poolside relaxation and enthusiastic meeting were Mmes. Otto H. Barnes, Angelo Bonanno, William F. Cody, Wilbur D. Curtis, Ashley DeWitt, Claude C. Johnson, Joseph Moshay, James V. MacDonald, Charles A. McPhee, John B. Picone and Roger W. Salmon.

Of primary interest on the agenda were the early plans for presentation of the annual Butterfly Ball on the Saturday preceding Ash Wednesday, which will be February 15, 1958, the beginning of the Lenten season. This outstanding social event is the guild's major annual benefit and each year the proceeds are used to further provide facilities for underprivileged boys at Rancho San Antonio, Boys Town of the West in Chatsworth.

The home, a Community Chest Agency, is under the supervision of the Brothers of the Holy Cross and its school is staffed by the Los Angeles Board of Education. Boys of all ages, colors and creeds come to Rancho San Antonio to receive spiritual and social guidance, attend grade and high school classes, learn trades in the modern workshops, participate in agricultural activities, ride horseback, play football, basketball, baseball and compete in track and swimming meets. The entire program is designed to give these boys from broken homes understanding and training that will make them good citizens of tomorrow.

Social and Club CALENDAR

(Clubs and organizations are invited to call in calendar dates to 5005, Summer schedule.)

Rhonda Fleming Is Bright New Night Club Star After Smash Hit in Las Vegas

By ALINE MOSBY
UNITED PRESS Hollywood Writer
LAS VEGAS, Nev. — After a decade of trying to convince Hollywood she should be in musicals, Rhonda Fleming gave up and walked, knees shaking, onto the stage of the biggest hotel in Las Vegas "to prove something to myself."

The result was so startling that one critic noted it wasn't an atomic bomb that shook this desert city but Rhonda Fleming.

In a white lame-and-lace gown slashed to her waist, she is one of the most beautiful singers to grace a nightclub stage. She also has a fine voice of the musical comedy type. These nights the tourists come to Las Vegas with a show-me attitude to be pleasantly surprised both at Rhonda and at Marie McDonald, singing at the Desert Inn down the street.

"Marie was a band singer years ago with Tommy Dorsey, after all, but I had sung only in a movie, 'The Connecticut Yankee,'" explained Rhonda. "I wanted to be a singer when I was little and I started studying opera at 14. But David O. Selznick put me in movies as an actress, by first film being 'Spellbound.'"

Since then Rhonda's lush figure and bright red hair have been a

fixture in swashbucklers, adventure thrillers and big color westerns such as Paramount's exciting "The Gunfight at the OK Corral?" But no musicals.

Once composer Richard Rogers of R & Hammerstein told her she was born for musical comedy. But Rhonda didn't get a chance to unveil her pipes until she traveled to the Tropicana Hotel to hear Eddie Fisher sing. Impresario Monte Proser heard she had a voice and hired her on the spot.

"They didn't even know if I could really sing," laughed the actress. "My agent kept telling them I could."

"We had only three weeks to get ready. I didn't know what to sing. People had heard of me as a movie star—what would they want to hear? Finally we got up here in one piece and opened. I was walking around in a daze, like a zombie, after 17 hours of rehearsal."

"After 30 pictures, opening in Las Vegas was the biggest thrill of my life. The reviews were great and I'm so excited and happy."

Rhonda now will hit the cafe singers' trail "to get some money back as I've invested a lot in my act." Then she plans a movie musical.

Lots of Husbands In 17th Century

JAMESTOWN, Va. — In some ways, the girls who came to America in the early 17th century had it all over modern misses.

Before the colonies became the United States, the women who came here had no trouble finding husbands or jobs.

Research on the status of women in the Jamestown Colony, prompted by celebrations for the 350th anniversary of the colony's founding, shows an abundance of bachelors.

The London Company of Virginia sent 60 "young maids" to Virginia in 1619 to become wives of settlers. In 1620, the company requested that 100 more women be sent. In June of that year, many women arrived among the 200 passengers aboard the *Jonathan*. More arrived in 1621. And in 1622, the colonists were asking for more prospective wives.

These early women settlers of Virginia also had many economic and legal rights. They owned and inherited property. A Mary Bailey was one of the earliest property owners in Jamestown. Dame Elizabeth Dale took over her husband's seven acres when he, the deputy governor of Virginia, left the colony.

And a woman named Elizabeth Pierce reaped the benefits of a man's good intentions. The court ruled that she inherit the man's property because he had said he intended to marry her.

Grilled Beans

NEW YORK. — Barbecue treat—grilled snap beans. Place individual servings of washed and trimmed snap beans on squares of aluminum foil. Place a pat of butter or margarine over beans and sprinkle lightly with onion or celery salt and ground black pepper. Wrap securely and bake over the grill 20 to 25 minutes, turning once or twice to cook uniformly.

Dr. Bertrand Named Officer Of Inland Unit

Dr. Robert S. Bertrand, offices at 67923 Highway 111, was installed as first vice president of the Inland Unit of the California Chiropractic Association at a dinner meeting at the Mission Inn in Riverside.

The formal installation of officers was combined with a dinner for the doctors and wives of the unit and also combined the installation of new officers of the Inland unit of the women's auxiliary of the C.C.A.

Following the dinner installation Benel laboratories, sponsors of the occasion, disclosed some of the latest data on the treatment of arthritis.

Safeway Stores Report Record Sales for June

The highest weekly sales ever reported for any four-week period of its history were announced today by Safeway Stores, Incorporated. Sales of Safeway and all subsidiaries consolidated for the four weeks ended June 15, 1957 amounted to \$164,364,068, an average of \$41,091,017 weekly.

"After a brief lull during April and May, customer purchases at our stores have recaptured the pace set during the year's first quarter," Safeway President Robert A. Magowan said. "Besides reflecting our more active program for remodeling old stores and opening new stores, we believe this trend may be indicative of confidence in economic conditions generally."

Safeway's sales for this sixth four-week report of 1957 increased 6.04 per cent over sales for the same period of 1956 which amounted to \$155,007,679. There were 2,012 retail stores in operation in 1957 compared with 1,984 in 1956.

Citizens Buys Apple Valley Bank

The Bank of Apple Valley and Citizens National Bank of Riverside have reached an agreement whereby the Bank of Apple Valley will be purchased by Citizens and operated as a branch office.

Newton T. Bass, president and founder of the Bank of Apple Valley, and Elden Smith, president of Citizens Bank, in a joint statement today said that the purchase, already approved by the board of directors of both banks, will be completed following approval of the transaction by state and federal banking authorities.

It is expected that actual transfer of the business will take place the latter part of the summer. In the meantime, the Bank of Apple Valley will continue operating as it has until now.

Supervisors Ask Planners Hold Building Code Hearing

Supervisor Fred McCall told his fellow supervisors this week that he has had several requests lately for consideration of a county-wide building code.

"There's not the feeling against it that there was," he declared. "In fact, there seems to be a feeling that it is not fair to require people in some areas to comply with the building code and not require people to comply with it in other areas."

At his suggestion the supervisors asked the planning commission to hold a hearing on a proposal for a county-wide building code.

The discussion occurred as a result of a recommendation by

Building Director C. G. Bixel for application of the code to all parts of the county. County-wide restrictions had already been suggested by Frank Burchfield, county assessor, as an aid in locating and assessing building improvements.

REASONS GIVEN by Bixel for county-wide application of the code included the following: building in coded area sells more quickly and with less trouble, and at higher price; insurance rates are lower in a coded area; investment in purchase of building in coded area is well protected; loan value of building in coded area is greater; financing (to build) is normally not available in an uncoded area; county-wide building code would maintain more balanced tax structure.

Supervisor Curtis Chamberlain agreed "100 per cent" with Bixel that a county-wide building code ordinance should be adopted, but went along with McCall's proposal that a hearing be held.

ONLY SKEET AND trap shooting range in the Palm Springs resort area is being planned for Bermuda Dunes, newest desert community. Officials of the Winchester Repeating Arms Co. and representatives of the California Indians, exclusive shooting club, inspected the 40-acre site set aside for the Bermuda Skeet and Trap Shooting range and Coachella Valley's first shooting club. Bermuda Dunes

is the first development vast enough—it contains 2,650 acres—to boast such a facility. Left to right: Ernest Dunlevie, Winchester Co.; Bermuda Dunes' co-founder Bill Glass, California Indians and Bermuda Dunes' co-founder Terry Ray. (Gayle Studio Photo).

THOUSAND PALMS

By IZETTA HUNT

Mabel Compton and two children from Cathedral City were Friday visitors at the L. J. Christensen home.

Elizabeth Nelson spent Friday in the City of Riverside, shopping.

Mrs. Charles Hulbert visited her husband at the veteran's hospital in San Fernando. Mrs. Hulbert reported that he is resting comfortably and doing as well as could be expected.

Mr. and Mrs. Bill Baker of Coachella were Sunday visitors at the Jim Furr home last week.

Doug Brown left for Canton, Ohio, last week as he had received word that his brother, Harry, was very ill. Harry and his wife have spent quite a few winters here at Thousand Palms.

Mr. and Mrs. Karyl Thompson and two children are having a vacation in the state of Texas.

Mr. and Mrs. E. C. Willis and three sons made a trip to Riverside last Wednesday so that Mr. Willis could see his doctor for his monthly check-up.

Miss Connie Christensen celebrated her eight birthday with a swim party at Salton Sea.

Mrs. Earl Brackman and three children of Vista were down to see Mrs. Brackman's parents, Mr. and Mrs. J. A. Welcome. The children, Stephen, Paul and Lynn are spending the week here with their grandparents. Mrs. Brackman

is expected back sometime next week.

Visiting at the Jim Furr home last Friday was Mr. and Mrs. Furr's son, Jack, and his wife and two sons. Another son, J. B. Furr and his fiancée visited with the Furr's Saturday. Both sons live in India.

Mrs. Charles Hulbert and two grandchildren, Don and Larry Dyer, had dinner with the Charles Wallaces Sunday.

Mr. and Mrs. Scotty Lennie spent Sunday at Yucca visiting Mrs. Lennie's sister and family.

Miss Joan Wallace is home on vacation from her teaching chores in Riverside.

Mr. and Mrs. Horace Wiley and daughter, Janet, and Herbert Adams were dinner guests at the Chester Williams home last Friday night.

DHS Zoning Change Okehd

A change of zoning from W-2 (watershed, conservation and recreation) to R-3 (general residential) in an area between Verbena Drive and Miracle Hill Road and extending one mile north and south of Pierson Boulevard in the Desert Hot Springs area was approved by the Board of Supervisors this week following a hearing at which no one appeared either for or against the zoning change.

MONEY TO BURN?

"Of course I can fiddle while Rome burns," Emperor Nero said. "I keep my money in Athens." The slightly scorched Senator brushed a spark from his toga before replying, "Not very convenient." Nero nodded sadly. "Commuting to Athens for cash has been rough on my Roman arches." "I keep my travel funds in Bank of America Travelers

Cheques," the Senator said with a superior, soot-smudged smile. "Can't be lost, destroyed or stolen!"

"But they won't be invented for almost 2,000 years!" "B of A Travelers Cheques are always good—no matter how old they are!"

Nero shook his head in wonder. "With such brilliant men around me I don't see how my empire can ever decline and fall!"

TRAVEL CAREFREE with the protection of convenient, economical Bank of America Travelers Cheques. Immediately redeemable if lost, destroyed or stolen... and perfectly acceptable wherever money is used. Bank of America Travelers Cheques—the money only you can spend.

GIVE AN ACCOUNTING OF YOURSELF...

...and the best way is through a Bank of America checking account. You know how much you spent, where and for what. It's the best way to keep track of income tax deductions. The canceled checks are proof of expenditures and are receipts for purchases. With a B of A checking account you can pay by mail and save time.

WE SALUTE THIS MONTH

The Palm Springs City Recreation Department for its excellent and varied program of Summer recreation offered residents, both young and old.

Only in Servel Gas Refrigerators...

ICE CUBES WITHOUT TRAYS

Two other Servel exclusives are
SILENT GAS OPERATION, TEN-YEAR WARRANTY!

The Ice-Maker in the Servel Gas Refrigerator freezes ice cubes without trays and drops them in a basket. You can reach in any time and take a handful or dozens of ice cubes... as easily as taking candy from a dish! The Ice-Maker automatically replaces them.

Only in Servel does a tiny Gas flame take the place of a motor and make ice and cold. There are no moving parts, nothing to buzz, hum or rattle. Servel is permanently silent.

Only Servel is so trouble-free that it carries a ten-year warranty... twice the warranty offered by any other refrigerator.

SOUTHERN CALIFORNIA GAS COMPANY

See Servel demonstrated at your Servel dealer or Gas Company.

GAS gives you silent, motorless, trouble-free refrigeration!

TODAY'S SPORTS PARADE

By OSCAR FRALEY
United Press Sports Writer
Reg. U. S. Pat. Off.

MAMARONECK, N. Y.—Kathy Cornelius tees off today in defense of the U. S. Women's Open as the champion nobody believes—and you can't blame her if she hardly believes in herself.

One year ago, a complete unknown, slender, brown-eyed Kathy came out of nowhere to win the Open golf championship. She did it the hard way, too, taking a playoff from Barbara McIntire of Toledo.

But since then, the friendly Floridian with the soft voice and easy smile has gone back to nowhere.

"I HAVEN'T WON a thing since I took the Open a year ago," she said soberly. "So I guess nobody expects me to do anything here at Winged Foot."

Not that Kathy, the mother of a 3-year-old daughter named Karen, has tossed in the sponge.

"I'm not saying I can't win it," she explained. "If I play well, I have a chance and I am encouraged by the fact that my game seems to be coming together again."

"BUT YOU JUST can't walk in against a field such as this," she added as she contemplated the 96 shotmakers arrayed against her, "and confidently expect to win first place."

Kathy, 24, started playing golf in the city recreation program of her native Lake Worth, Fla., when she was 13 years old. She played in her first junior tournament at 15 and in the National Juniors when she was 17.

Then she married Bill Cornelius, a Lake Worth golf professional, and he began to work on the game which carried her to the U. S. Open title last year. It was her first as a touring professional, although she had turned pro two years earlier, and she got a big lift out of winning the St. Petersburg tournament in February of 1956.

Softball Teams Run Wild

32 Runs Scored in One Game

Laurye's Slugs Out 21-11 Win Over Telephone Co.

DESSERT SOFTBALL LEAGUE

| | W | L |
|--------------------|---|----|
| Desert Hot Springs | 8 | 2 |
| Moon-Moon | 8 | 3 |
| Mexican Colony | 8 | 3 |
| Laurye's | 5 | 7 |
| M&M-Lehrfeld | 5 | 8 |
| Telephone Co. | 1 | 12 |

Score Wednesday

Laurye's 21, Telephone Co. 11

Laurye's Steak Ranch finally emerged the victor over the Telephone Company in Desert Softball League play last night at the Polo Grounds in a game which saw 32 runs scored, the lead change hands several times, two home runs hit, and a total of 27 hits. The final score was 21 to 11.

This was the second consecutive game in which Laurye's has scored 20 or more runs, with the squad having routed M&M-Lehrfeld last Thursday, 20 to 3.

Laurye's jumped on pitcher Ralph Estrada for six runs in both the fifth and sixth innings last night to overcome a Telephone Company lead. Estrada came in to replace starter Chuck Martin, who was pitching for the first time this season.

The Telephone Company had taken a 2 to 0 lead in the first, only to have the Laurye squad score eight runs in the first three frames to take an 8 to 2 margin. The Telephone Company then scored seven runs in the fifth to regain the lead.

Pony Team Scores First Win of Year

Flores Hurls 9-0 Shutout Over Indio Nine Here

Top hitting and splendid pitching gave the Palm Springs Elks Pony League team a 9 to 0 shutout win over Indio and their first victory of the season last night at the Polo Grounds.

Gil Flores went all the way on the mound for the Elks and allowed only four scattered hits. Only one Indio runner reached as far as third base and Flores was never seriously threatened.

A six-run third inning rally sewed up the game for the local team, but they added three runs for insurance in the sixth frame.

Ten batters were up in the third. Dag Durand's home run and J. C. Walton's triple paced the effort which saw the Indio pitcher replaced.

Indio had previously beaten Palm Springs, but they were no match for the fired up squad last night.

Seven American Leaguers Set For All Star Play

NEW YORK—Seven of the American League's eight starting positions in the July 9 All-Star Game were set today as the nationwide fan poll went into its final day.

The battle for third base apparently is going right down to the deadline at midnight tonight with George Kell of the Baltimore Orioles holding a slight edge over Reno Bertoia of the Detroit Tigers. Kell has 28,439 votes in the balloting announced today while Bertoia has 27,399.

Gil McDougald of the New York Yankees is a third contender—a complicating factor. McDougald ranks third in the third base balloting with 23,482 but has played mostly at shortstop since the poll began. His votes were cast for third base because that is the position he started in the first game of a double-header on June 2—the day the poll started.

Ted Williams of the Boston Red Sox led Mickey Mantle of the New York Yankees into the final day for the honor of receiving the most votes. Williams has a 231-vote edge over Mantle—81,345 to 81,064.

Here are the leaders: 1b—Vic Wertz, Indians; 2b—Nellie Fox, White Sox; 3b—George Kell, Orioles; ss—Harvey Kuenn, Tigers; lf—Ted Williams, Red Sox; cf—Mickey Mantle, Yankees; rf—Al Kaline, Tigers; c—Yogi Berra, Yankees.

Castellani Has No Apology After Losing Good Fight

CHICAGO—Rocky Castellani had no apology for defeat today because he fought Bobby Boyd for 10 rounds and "put on a good show for the television fans."

Boyd, the 8-5 favorite, was hard pressed all the way to win a split decision, and when his arm was raised most of the 1,772 fans booed lustily. Actually Castellani had more points credited to him than Boyd.

Referee Bernie Weissman scored it 47-45 for Boyd and Judge Frank Clark had it 47-46 for the winner. Press card. Judge James McManus gave Castellani a four-point bulge, 47-43.

Castellani weighed 160½ to 160 pounds for Boyd.

Mustache Okeh

NEW YORK—French middleweight Germaine Ballarin has been given special permission by the New York State Athletic Commission to wear his large black mustache during next Monday night's TV bout with Bob Provizoli of Freeland, Pa. at St. Nicholas Arena.

FIRST DEATH in a German boxing ring is on record as Karlheinz Bick, lightweight, succumbs after suffering a brain hemorrhage in his bout with Manfred Neuke. Bick is carried unconscious from the ring at Dortmund in this photo. (International).

National League Pennant Race Continues Hectic

By FRED DOWN
United Press Sports Writer

The team that eventually comes out on top in the chaotic National League struggle probably will go into the World Series with the lowest pennant-winning victory total in major league history.

A mere 10 percentage points separated the first four clubs today, with the St. Louis Cardinals maintaining a four-point lead over the second-place Cincinnati Redlegs after both were beaten Wednesday night.

THE RACE tightened up to an almost incredible degree Wednesday night when the Philadelphia Phillies walloped the Cardinals, 11-3, the New York Giants clobbered the Redlegs, 17-7, and the Milwaukee Braves drubbed the Brooklyn Dodgers, 13-9.

The Pittsburgh Pirates routed the Chicago Cubs, 15-5, before the teams played an 11-inning, 5-5 tie halted by darkness.

THE CHICAGO White Sox retained their half-game margin in the "runaway" American League race when they outlasted the Boston Red Sox, 7-5, and the second-place New York Yankees beat the Cleveland Indians, 3-1.

The Baltimore Orioles defeated

STANDINGS

Congressman Convinced of Bums' Move

Tells Beliefs After Hearing O'Malley Testify

WASHINGTON—A Brooklyn congressman said ruefully today he is convinced the Brooklyn Dodgers have definitely decided to move to Los Angeles next season.

Rep. Emanuel Celler (D-N. Y.) said he drew this conclusion from testimony Wednesday of Dodger President Walter O'Malley before a House judiciary subcommittee investigating baseball. Celler heads the group.

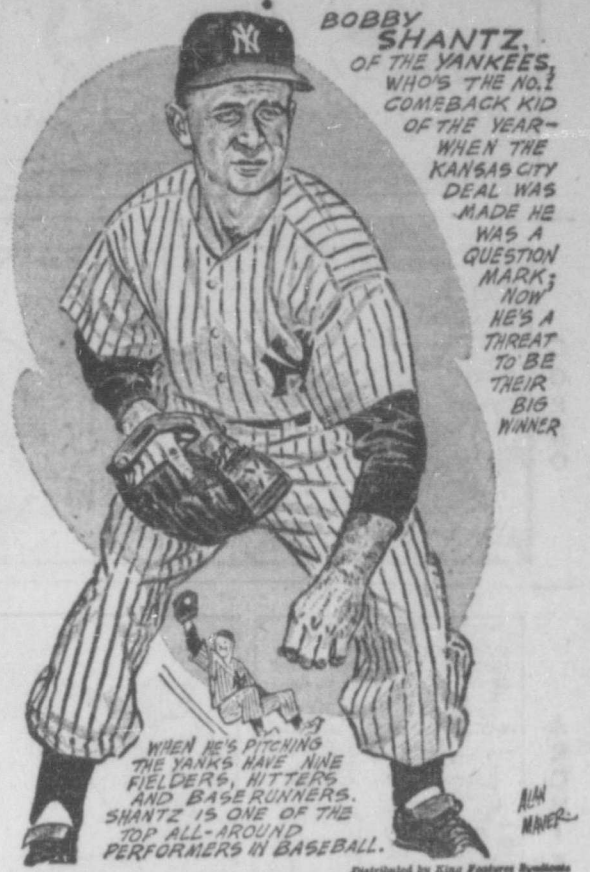

BUT REP. KENNETH B. Keating, an upstate New Yorker and senior Republican on Celler's subcommittee, differed sharply with his chairman.

Keating told reporters he believes O'Malley still might consider staying in Brooklyn if the city of New York makes an acceptable offer for building a new stadium.

O'Malley said if an acceptable stadium plan can be worked out the Dodgers will stay where they are. But he said "time is running out" and he will make the final decision soon.

CELLER said he gained the impression O'Malley is "over the brink" and will move to the West Coast no matter what Brooklyn does to try to hold the team.

MORRISON ON GOLF

Top Hand Keeps Club in Plane

By ALEX J. MORRISON
Author of "A New Way to Better Golf," Teacher of Champions

WHAT AFFORDS consistent success in striking a golf ball and making low scores?

The answers given to this question throughout the years cannot be counted. But they can be evaluated easily and accurately. Mainly they amount to personal opinions, theories or pure guesses about the secret to success. None of them has been proved correct by consistent practical application by players on the course.

On the other hand such a test has proved that one answer, and only one, is right. This is the Correct Swing.

The main factor in determining the performances of any golfer on the course is the way he handles his club. All other factors are relatively less important. These include the player's age, build, temperament, as well as the course on which he plays, and other conditions. Obviously, the more any player approximates the correct swing the more successful he will be.

The right-handed player can swing the club in the proper plane only when his left side dominates the action from the time he takes his starting position and throughout the swing until well after impact.

THE NEXT POINT to fix firmly in your mind is the universal side of the correct swing. It is the most efficient way of handling all clubs, playing all shots, for all kinds of players. It is the most practical way for players of all ages to make the best use of their respective builds and temperaments. Hence the individual problems of all kinds of players are dealt with best by concentrating on fundamentals of the Correct Swing.

In this session you should study

HAROLD HICKS, Realtor

THIS IS A GREAT HOME

MANY PEOPLE have admired this Tennis Club area estate... the beautiful grounds... the over all feeling of a great home... and until today it hasn't been for sale. There are 9 bedrooms with 8 baths... you can imagine the spaciousness of the other rooms. Good refrigeration, forced air heating system and TV cable are a few of the recent improvements. The blue all tile pool is very protected because this is a U shape Spanish type home. The price includes wall to wall sculptured carpeting, specially lined drapes and some choice furniture. Priced way below reproduction cost at

\$100,000

NEED FOUR BEDROOMS?

THIS ONE YEAR OLD home adjacent to Deep Well is modernistic and spacious... four bedrooms, three and a half baths. Very private heated and filtered swimming pool. Owner very anxious to sell and wants all offers presented. Terms to suit. Call today.

\$65,500 FURNISHED

County Delays Park, Recreation Problem Decision

A suggestion by the Associated Chambers of Commerce of Riverside County that the Board of Supervisors create a separate department for the administration of parks and recreation was discussed briefly by the supervisors this week and carried over for consideration June 29.

One outcome of the chambers request was instruction to the personnel director to consider the advisability of allowing Road Commissioner A. C. Keith in whose jurisdiction the county's parks now fall, an additional employee to supervise all county parks. The personnel director was asked to give his report on the matter at the June 29 session of the board.

Supervisor William Jones recalled that some time ago there was some demand for county recreational development and the outcome was a decision to encourage the development of recreation districts. As to parks, he said Keith has been maintaining them well.

Supervisor Paul Anderson agreed that local playgrounds should be taken care of by people in areas where they are desired, but he said he believed it might be possible to set up the machinery to aid the people in proper planning for recreational development. He suggested committee study.

Supervisor George Berkeley said he'd be happy to see the parks remain in the road department, but he approved of the suggestion for committee study.

"We'll soon be overloaded with committees," opined Jones.

Rev. J. W. Arnold Attends Youth Meet in Iowa

CATHEDRAL CITY.—The Rev. James W. Arnold, pastor of the Cathedral City Community Church, left Monday with 90 Presbyterian youth from the states of California, Utah and Nevada to attend the Westminster Fellowship National Assembly in Grinnell, Iowa.

Giving great encouragement that all youth news is not bad news, this assembly will be attended by 1,500 young people who will share their Christian faith, receive inspiration, study, workshops and discussion groups.

Also attending from this area were David Self, Palm Springs High School Senior, who will lead one of the discussion groups.

During Rev. Arnold's absence, Sunday morning services will be conducted by Rev. J. Ian Fraser, general pastor of the Southern California Area of the Presbyterian Church.

On his return, Rev. Arnold will preach on the topic "Power to Become" on Sunday, July 7.

Cat Legacy

REDDING, Calif. (AP)—The will of Frank Dobrowsky, a jeweler who left \$251,054 in stocks, bonds and real estate, put a daughter in charge of \$10 a month to make sure his pet cats, plus any future offspring, would be cared for properly.

Blanket Salary Increase Request Refused by County

By a vote of four to one with only Supervisor Curtis Chamberlain dissenting, the Board of Supervisors denied a request made this week by Charles R. Munson in behalf of the Riverside County Employees' Association of which he is president, for a blanket salary increase of five per cent for all employees.

Munson said the majority of the counties of comparable size to Riverside County have granted increases ranging from five to fifteen per cent for the coming 1957-58 budget, and the state has recently granted salary increases in an amount of five and ten per cent.

PERSONNEL DIRECTOR Donald Spencer agreed that other

counties and the state have granted substantial increases, but declared that an important feature is the relation of salaries to the local picture. He said increases which he recommended and which have been included in the 1957-58 budget are in keeping with the most recent survey taken for the county in the local area in February.

This board made a conscientious effort to bring salaries into line, based on information supplied us," said Supervisor George Berkeley. "We probably are even high in some instances. If we find we are out of line in individual cases we can make corrections. I'm opposed to a blanket raise."

LARRY OXLEY of the Califor-

nia Taxpayers Association said as to state increases of five to ten per cent, they applied only to upper classes of state employees. He said it would be impossible for the county to keep an exact pace with local salary developments because its budget has to be set up for the fiscal year. He said he thought the February analysis was a good and fair basis. Though the survey was taken in February the analysis was not completed and reported to the board until April.

Munson said that of the increased amount which the board has approved for the 1957-58 budget, approximately one-third was for automatic steps, one-third for additional personnel, and one-third for adjustments due to reclassification

and conversions to the new five per cent pay scale.

"ACCORDING TO the Consumer Price Index published by the Department of Labor," said Munson, "the cost of living index has risen gradually since World War II. This major increase in the cost of living has caused salary adjustments in many sectors of the nation."

"I don't think any employer is bound to keep up with the cost of living increase," countered Oxley, "and it would be especially difficult for a governmental agency such as the county."

China's Manchu dynasty was overthrown in 1911 by the forces of Dr. Sun Yat-sen.
